

## Ultra high temperature milk (UHT) for calibration of infrared analyzers

| Abbreviation | Approx. fat content<br>in % | Approx. protein content<br>in % |
|--------------|-----------------------------|---------------------------------|
| UH1          | 0,50                        | 3,90                            |
| UH2          | 1,50                        | 3,40                            |
| UH3          | 2,50                        | 3,20                            |
| UH4          | 3,70                        | 3,00                            |

Other analysis parameters are available on request e.g. dry matter.
